November's fast approaching, and so is Tickled Pink #3.

Alongside usual suspects Miss Chris, Danni B and Sass will be Electro House king and Flavour of the Month, Max Koenig. Max is continuously pushing the envelope with upfront tech tunes and we can't wait to see what he has in store for us.

November also means Breast Cancer awareness month, and we've decided to get behind the researchers and donate one dollar from every person's entry fee. There will also be donation jars throughout the venue in case you feel you can contribute more!

To make things that little bit more special, the first 100 people through the door will receive a Tickled Pink Vol. 1 CD, mixed by our Flavour of the Month. Take the night home with you!

Don't miss this event!
