Tickled Pink is back!

This March we are mixing it up with a new look as well as three flavours of the month! Chris Lum totally rocked the house at our last event and we thought we needed three males this time around to keep the testosterone vibe happening.

That's not to say the ladies aren't still getting in on the act. They are ready to rock to a special versus night, so you get two for the price of one all night long!

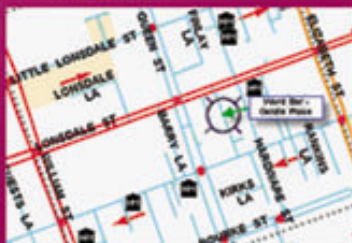

Danni B and Miss Chris will be going toe-to-toe and bringing the latest sounds in tech house and electro. Both femme fatales have been getting earmarked around Melbourne with some groovy ass-shaking noise, so get in early and watch the combos set the crowd up for a big night ahead (okay, so maybe not the combos, but you get what we mean).

Aaron Roach and Derrick Dennis will take you from the latest tunes to the greatest 'choons'. Well past their use-by date, not to mention loads of clubbing years and records between them, you'll be hearing the tracks that had you rocking the dancefloors in years gone by.

To finish the night up, Sass will rock on with Dean Millson to and serve you the twisted, dark side of electronic music. Dean has been busy around the club traps recently and has not disappointed the punters, while Sass has developed a reputation as being a no-nonsense (but lots of nonsense) kind of DJ.

This is a first for the TP crew, so it's sure to be a fantastic night.

See you there!
